## ACKNOWLEDGING OUR SUPPORTERS

*All gifts to Youth QUEST Central, The MYR Campaign for Youth, are valuable and greatly appreciated, and all gifts will be recorded and recognized in appropriate ways.*

### THE MYR CALL-BOX RECORD OF RESPONSE

MYR is proud owner of a classic K-6 British telephone call box, a fixture in front of 199 St. George Street for many years. Made of cast iron and painted a bright fire-engine red, it is one of the most recognizable telephone symbols in the world.

For MYR, it symbolizes the role Youth QUEST Central will play as a location through which the community continuously responds to the call of homeless youth and youth at-risk.

The call box will be restored and installed prominently in the lobby of the refurbished building.

Names of donors (\$1,000 and up) to the Campaign will be etched in the glass panels of the call box, a permanent and attractive record of those who led Greater Moncton's response to a proven community need.

### NAMING OPPORTUNITIES

Throughout the building are several opportunities for individuals, organizations and businesses to signal their strong support for youth and Youth QUEST Central by attaching their names to specific spaces that are key to the effectiveness of the site.

These spaces also provide excellent opportunities to honour individuals, through memorial designations.

All such recognition will be given in the building in an appropriate, dignified and permanent manner.
